Education

Vellore Institute of Technology

Bachelor of Technology - BTech, Computer Software Engineering

09/2022 - Present,

8.82/10 CGPA

Lucknow Public School

Intermediate Education

95.6% in PCM

Skills & Interests

Technical: Python, Java, MySQL, HTML, DSA, UI/UX, CSS, JavaScript, Front-end Developer, R.

Language: English, Hindi, German (Limited working Proficiency).

Interests: Coding, Hackathons, Emerging Technologies, Tech Conference, Entrepreneurship.

Personal Projects

Hidden Gems of India

- Orchestrated a pioneering project during the Smart India Hackathon, spotlighting undiscovered locales in India. Leveraged innovative solutions to showcase lesser-known areas, contributing to cultural diversity and sustainable tourism.
- Led a collaborative team. Successfully integrated insights from multiple disciplines, ensuring the project's success in unveiling and promoting the unique and unexplored facets of India.
- Developed interactive prototypes using Figma, optimizing user experience and facilitating collaboration.
- **Website link:** hiddengemsofindia.com

Tindog

- In my HTML/CSS resume project, I crafted a Tindog website using semantic HTML for structure and CSS for styling. Through responsive design techniques, I ensured the Tindog is accessible and visually appealing across various devices. Interactive elements and custom styling were integrated to enhance user engagement and showcase my skills effectively. Led a collaborative team. Successfully integrated insights from multiple disciplines, ensuring the project's success in unveiling and promoting the unique and unexplored facets of India.
- **Website link:** tindog.github.io

MoveIt

- I developed an MoveIt website using HTML, CSS, and JavaScript to create a dynamic and interactive user experience. The combination of these technologies allowed me to showcase my skills and qualifications in a modern and engaging format.

Leadership and Activities

Social Media Club VIT-AP

Event Manager (09/2023 - Present)

- Experienced event manager with a proven track record of successfully organizing convocation ceremonies. Proficient in coordinating logistics, managing vendors, and ensuring seamless execution of events. Skilled in budget management, communication, and attention to detail to create memorable experiences for graduates and guests

Hostel Committee VIT-AP

- Led and unified a team to deliver a successful Dussehra event. Resolved internal conflicts, fostered collaboration, and ensured a well-attended and seamlessly executed celebration.

Community Engagement

Smart India Hackathon

- Participated in Smart India Hackathon, contributing to the development of a prototype aimed at uncovering the "**Hidden Gems of India**." Utilized Figma to design an intuitive and user-friendly interface for the project. Demonstrated adaptability and problem-solving skills in a fast-paced hackathon environment. Successfully delivered a compelling presentation showcasing the prototype's features and potential impact. Received commendation for creativity and effective teamwork, reflecting a commitment to driving positive change through technology

ACM Mini Hackathon

- Developed a safety app prototype designed to swiftly send distress messages to designated emergency contacts. Utilized cutting-edge technology and user-centric design principles to ensure efficiency and ease of use. Implemented features for real-time tracking and location sharing to aid responders. Collaborated with team members to refine functionalities and optimize user experience. Conducted rigorous testing to ensure reliability and effectiveness in emergency situations. Presented the prototype, highlighting its potential to enhance personal safety and emergency response mechanisms. Received accolades for innovation and problem-solving, underscoring dedication to leveraging technology for societal well-being.
